Toledo's Trusted Fence Professionals

Why People Hire Us

THE OWNER BUILDS FENCES

Nick has installed hundreds of fences himself. He's the one who walks your yard and prices your job.

OUR OWN CREW

The same crew starts and finishes your fence. We don't sub the work out.

FOLLOWS YOUR YARD

Elite panels rack to follow a slope, so the fence isn't stair-stepped and there are no big gaps underneath.

MADE IN MICHIGAN

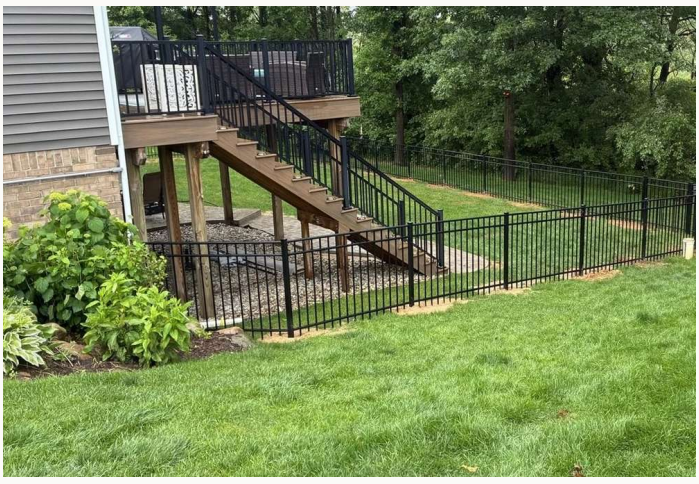

We install Elite aluminum, made in Chesterfield, Michigan. It comes powder-coated in seven colors.

EVERYTHING IN WRITING

Your quote lists the price, the exact materials and the scope of work. That's what you pay.

3-YEAR WARRANTY

Three years on our workmanship, plus the manufacturer's warranty on vinyl and aluminum. If something's wrong, we come back and fix it.

A NOTE FROM THE OWNER

When you hire us, you get me. My name is on the company, and I'm the one who comes out to look at your yard and price your fence. We're a small family business in Toledo. A lot of our work comes from someone seeing a fence we built down the street, so we build every one like the neighbors are watching. Thanks for giving us a look.

What Our Customers Say

Real reviews from Google, Facebook & BBB — reproduced word for word

★★★★★ **Roy Gene Palmer III**

Excellent Work and Great Customer Service

Nick did an outstanding job installing our traditional cedar picket fence. From the start, he was incredibly patient in working through the details of our project and offered several creative solutions when we encountered challenges with our property layout.

What impressed me most was how he worked within our budget constraints to find the best possible option without compromising on quality. The finished fence looks fantastic - the craftsmanship is top-notch and you can tell Nick takes pride in his work.

His communication throughout the project was excellent, and he was always willing to explain his recommendations and answer our questions. I'd definitely recommend Nick to anyone looking for a reliable fence contractor who delivers quality work at a fair price.

★★★★★ **Josh Smith**

Hired Nick and Ghareeb Fencing solutions. We opted for a cedar privacy fence. Nick knocked it out of the park. Price was very competitive and the job was completed on budget and on schedule. They left the yard in clean state and were happy to talk to the neighbors about what to expect with the install. 10/10 would recommend again

The fence has been up for about 6 months through winter and looks as good as when he installed it.

★★★★★ **Dashawn Nickson**

I just got my fence done today June 6, 2025 and let me say this is a five star Fencing service complete my entire yard within two days always on schedule always answer calls reasonable prices. The workers are very nice and they work extremely hard nonstop. I definitely recommend

★★★★★ **Jenny Wilhelm Pfeiffer**

Nicholas was amazing to work with! Nicholas was very knowledgeable and patient with us with our decision making. He did not push vinyl on us knowing that wasn't what we wanted, unlike the other companies that quoted us. Our fencing was built from scratch, no pre-made fencing here! We cannot say enough good things about this business and the gentleman that he had working with him on our project. All of his employees were very kind and respectful. 100% a customer for life and absolutely recommend if you are looking for new fencing! Oh and he beat his competitors by over $1000.00!!!! Thank you so much for our amazing fence!

★★★★★ **Theresa C.**

Had around 230 linear feet of white vinyl fence installed 6/25/25. They finished the job the next day. Nicholas and his team were wonderful. From beginning to end. From the communication to the product and the install. If you need a fence you don't have to look any further. I highly recommend.

Frequently Asked Questions

Straight answers up front — and a real person at (419) 214-2107 for the rest

Q. How long does installation take?

Most residential fences go up in 1–3 days, and we install all winter — we can drive posts into frozen ground. The crew cleans up daily.

Q. Do I need a permit?

Most local zoning requires one. We pull and handle permits for you — it's built into every quote.

Q. Do you offer financing?

Yes — financing is available for qualifying customers. Ask us for current terms and rates.

Q. What's the warranty?

Three years on workmanship from us, plus the manufacturer's limited lifetime warranty on Elite aluminum.

Q. Do I need to be home during the install?

No — but we recommend being there for the first and final walkthroughs so you and the crew stay on the same page.

Q. What areas do you serve?

Northwest Ohio & Southeast Michigan — Toledo, Perrysburg, Maumee, Sylvania, Monroe, Temperance, and nearby.

More questions? Call or text (419) 214-2107 · ghareebfence.com — we're happy to help.

What's Actually in Your Quote

The lowest number isn't always the lowest price. Here's what we spell out — and what's easy to leave off a cheaper bid.

IN EVERY GFS QUOTE	EASY TO LEAVE OFF A BID
✓ Post type, size, and depth *(in writing)*	✗ “Posts in concrete” with no depth listed
✓ Aluminum brand, grade and wall sizes, in writing	✗ “Aluminum fence” with no brand or grade
✓ Gates, latches and hinges, itemized	✗ Gate hardware added on later
✓ Post foundation matched to your soil	✗ One method for every yard, clay or sand
✓ Full grading and cleanup, debris hauled	✗ Grading and cleanup billed separately
✓ Permits pulled and handled	✗ “Permit is your responsibility”
✓ 3-year written workmanship warranty	✗ A verbal warranty only
✓ One accountable crew, owner on site	✗ Subcontractors, no single point of contact

Missing any of these? Then it isn’t cheaper. It just covers less. Ask for each one in writing before you compare prices.

How to Get Started

What happens from your first call to the final walkthrough

1

FREE ESTIMATE

Call or text to set up a free estimate. We walk the yard with you, measure, and answer your questions. No commitment.

2

WRITTEN QUOTE

Usually within a day or two, your quote shows up in the client portal with exact materials, line-item pricing and a timeline.

3

SIGN AND SCHEDULE

Review and sign digitally. Make your deposit by card, check, cash, ACH, or Venmo — and we pull the permits.

4

INSTALLATION

Our crew builds the fence, cleans up every day, and walks the finished job with you before we call it done.
